

# Questions for Parents and Guardians to Think About Creepiness and Technologies

01

## DECEPTION

Who do we think is trustworthy? Is technology trustworthy? Why and how could it deceive someone?

02

## OMINOUS PHYSICAL APPEARANCE

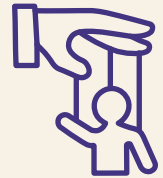

What should technology look like? Can you always trust a technology that looks nice?

03

## LACK OF CONTROL

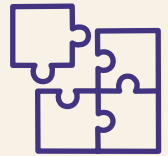

What aspects of technology can you control? Are there things you can't control? What do you want to control about technology?

04

## MIMICRY

What do we think about technology that tries to act like a human (robots, voice assistants, etc.)? When is it okay and when is it not okay for technology to act human?

05

## UNPREDICTABILITY

What are appropriate ways for technology to act with people? Should we know what technology is going to do all the time?

06

## RELATIONSHIPS

What do you think about the technology we use at home (e.g., phones, laptops)? Is there anything worrisome about how we use technology at home?
